

## **Christ the King Sunday, November 21.**

It's the last Sunday of the church year calendar when we give thanks for all the ways Jesus serves as the king we look to as our source of life. That Sunday we will journey through the church year with readings and hymns from each season—Advent to Christmas to Lent to Easter and through Ordinary Time—that reveal Christ as the Shepherd King, the Servant King, and the Victorious King. Of course, every Sunday we celebrate the Great Thanksgiving in the meal of Holy Communion when all the saints of God gather to receive from Christ our King the food of his body and blood that empowers and sustains us in faith and love for God and our neighbor. I hope those worshipping at home have developed your own bread and wine to join us in this meal. If you would like some help with that, give me a call!

In gratitude for all of you,

Pastor Lynne
